Where we started...

For over 20 years, Presbyterian Homes & Services has been known for their advancements in Parkinson's related programs. What began as just the first support group in the area has grown to encompass Telemedicine within the university of Rochester, Lee Silverman Voice Therapy Treatment (LSVT), Rock Steady Boxing, Pedaling for Parkinson's and our William and Rita Abraham Parkinson's Speaker Series. These services have helped thousands of individuals in our community gain access to life changing information, create supportive networks and most of all; given hope to our community. Over \$1,000,000 has been dedicated to our pursuit of Parkinson's Disease programs and we don't plan to stop there. This is why the annual Parkinson's Awareness Walk is so important. The funds from this event are 100% allocated to improving the quality, accesibility, and depth of our Parkinson's support programs.

Thank you for being a partner in the fight against Parkinson's Disease!

Presbyterian Homes Foundation
